Old Business

Website should be ready to go. If payment processing is not set up, Brad will contact Jim.

57 people at \$15 and 34 people at \$20

Ken talked with Laura at Concordia. She's been in the hospital. The security guy should have been at Concordia to open the door for us last month (August).

Trevor helped Pat to download Google Drive on her laptop so we didn't have to buy a new computer.

Ken talked to Brad (Woodside) about speed limits. There is an electronic speed sign on Sheridan.

Brad talked to his friend who is on the board in Southern View on how to get more people to come to our meetings. He mentioned having a pot luck at one of our meetings in the Spring.

New Business

House at Grant & Stanton is getting worse. Needs to be cleaned up. Lots of trash in the yard.

Ken is going to drive by and will get a hold of Brad (Woodside) and see what can be done. Can we use a dumpster? Neighbor Larry Newberry volunteered to help.

Railroad tracks on Sheridan & Sherman are getting rough. Who do we contact to cover the tracks? Woodside.

Meeting adjourned at 7:00pm
